463.16 Agent status for local health departments.

(1) In the administration and enforcement of ss. 463.10 and 463.12, the department may enter into a written agreement with a local health department with a jurisdictional area that has a population greater than 5,000, which designates the local health department as the department’s agent in issuing licenses to and making investigations or inspections of tattooists and tattoo establishments and body piercers and body–piercing establishments. In a jurisdictional area of a local health department without agent status, the department of safety and professional services may issue licenses, collect license fees established under s. 440.03 (9) and make investigations or inspections of tattooists and tattoo establishments and body piercers and body–piercing establishments. If the department of safety and professional services designates a local health department as its agent, the department of safety and professional services or local health department may require no license for the same operations other than the license issued by the local health department under this subsection. If the designation is made and the services are furnished, the department of safety and professional services shall reimburse the local health department furnishing the service at the rate of 80 percent of the net license fee per license per year issued in the jurisdictional area.

(2) A local health department designated as the department’s agent under this section shall meet standards promulgated under ss. 463.10 (4) (a) and 463.12 (4) (a). The department shall annually evaluate the licensing, investigation and inspection program of each local health department granted agent status. If, at any time, a local health department designated as the department’s agent fails to meet the standards, the department of safety and professional services may revoke its agent status.

(3) The department shall provide education and training to agents designated under this section to ensure uniformity in the enforcement of s. 463.10 or 463.12 and rules promulgated under s. 463.10 or 463.12.

(4) Except as provided in sub. (4m), a local health department designated as the department’s agent under this section shall establish and collect the license fee for each tattooist or tattoo establishment and for each body piercer or body–piercing establishment. The local health department may establish separate fees for preinspections of new tattoo or body–piercing establishments, for preinspections of existing establishments for which a person intends to be the new operator or for the issuance of duplicate licenses. No fee may exceed the local health department’s reasonable costs of issuing licenses to, making investigations and inspections of, and providing education, training and technical assistance to the tattooists and tattoo establishments or body piercers and body–piercing establishments, plus the state fee established under sub. (9).

(4m) A local health department designated as the department’s agent under this section may contract with the department of safety and professional services for the department of safety and professional services to collect fees and issue licenses under s. 463.10 or 463.12. The department of safety and professional services shall collect from the local health department the actual costs of issuing licenses to, making investigations and inspections of, and providing education, training and technical assistance to the tattooists and tattoo establishments or body piercers and body–piercing establishments, plus the state fee established under sub. (9).

(5) If, under this section, a local health department becomes an agent or its agent status is discontinued during a licensee’s license year, the department of safety and professional services and the local health department shall divide any license fee paid by the licensee for that license year according to the proportions of the license year occurring before and after the local health department is designated as an agent or the agent status is discontinued. No additional fee may be required during the license year due to the change in agent status.

(6) A village, city or county may enact ordinances and a local board of health may adopt regulations regarding the licensees and premises for which the local health department is the designated agent under this section, which are stricter than s. 463.10 or 463.12 or rules promulgated by the department of health services under s. 463.10 or 463.12. No such provision may conflict with s. 463.10 or 463.12 or with department rules.

(7) This section does not limit the authority of the department to inspect establishments in jurisdictional areas of local health departments that are designated as agents if it inspects in response to an emergency, for the purpose of monitoring and evaluating the local health department’s licensing, inspection and enforcement program or at the request of the local health department.

(8) The department shall hold a hearing under ch. 227 if, in lieu of proceeding under ch. 4043, any interested person in the jurisdictional area of a local health department that is designated as the department’s agent under this section appeals to the department of safety and professional services alleging that a license fee for a tattooist or tattooist establishment or for a body piercer or body–piercing establishment exceeds the license issuer’s reasonable costs of issuing licenses to, making investigations and inspections of, and providing education, training and technical assistance to the tattooist or tattooist establishment or to the body piercer or body–piercing establishment.

(9) The department shall promulgate rules establishing state fees for its costs related to setting standards under ss. 463.10 and 463.12 and monitoring and evaluating the activities of, and providing education and training to, agent local health departments. The department may not promulgate a rule under which a local health department may charge any individual who is eligible for the veterans fee waiver program under s. 45.44 a state fee to obtain a license under s. 463.10 (3) or 463.12 (3). Agent local health departments shall include the state fees in the license fees established under sub. (4), collect the state fees and reimburse the department for the state fees collected. For tattooists or tattoo establishments and for body piercers or body–piercing establishments, the state fee may not exceed 20 percent of the license fees established under s. 440.03 (9).

463.25 Tanning facilities. (1) DEFINITIONS. In this section:
(a) “Phototherapy device” means equipment that emits ultraviolet radiation and is used in treating disease.
(b) “Tanning device” means equipment that emits electromagnetic radiation having wavelengths in the air between 200 and 400 nanometers and that is used for tanning of human skin and any equipment used with that equipment, including but not limited to protective eyewear, timers and handrails, except that “tanning device” does not include a phototherapy device used by a physician.
(c) “Tanning facility” means a place or business that provides persons access to a tanning device.

(2) PERMITS. (a) No person may operate a tanning facility without a permit that the department may, except as provided in s. 463.14, issue under this subsection. The holder of a permit issued under this subsection shall display the permit in a conspicuous place at the tanning facility for which the permit is issued.
(b) Permits issued under this subsection shall expire annually on June 30. Except as provided in s. 463.14, a permit applicant shall submit an application for a permit to the department on a form provided by the department with the permit fee established by the department under s. 440.03 (9). The application shall include the name and complete mailing address and street address of the tanning facility and any other information reasonably required by the department for the administration of this section.

(3) ADVERTISING. No tanning facility may state in any advertising that the tanning facility holds a license or permit issued by the department to operate a tanning facility.

(4) NOTICE. Each tanning facility shall give to each of its customers written notice of all of the following:
(a) Failure to wear the eye protection provided by the tanning facility may damage the customer’s eyes and cause cataracts.
(b) Overexposure to a tanning device causes burns.
(c) Repeated exposure to a tanning device may cause premature aging of the skin and skin cancer.
(d) Abnormal skin sensitivity or burning of the skin while using a tanning device may be caused by the following:

  2. Certain cosmetics.
  3. Certain medications, including but not limited to tranquilizers, diuretics, antibiotics, high blood pressure medicines and birth control pills.
  (e) Any person who takes a drug should consult a physician before using a tanning device.

(5) WARNING SIGN. Each tanning facility shall prominently display a warning sign in each area where a tanning device is used. That sign shall convey the following directions and information:
(a) Follow instructions.
(b) Avoid too frequent or too lengthy exposure. Like exposure to the sun, use of a tanning device can cause eye and skin injury and allergic reactions. Repeated exposure can cause chronic sun damage, which is characterized by wrinkling, dryness, fragility and bruising of the skin and skin cancer.
(c) Wear protective eyewear.
(d) Ultraviolet radiation from tanning devices will aggravate the effects of the sun, so do not sunbathe during the 24 hours immediately preceding or immediately following the use of a tanning device.

(e) Medications and cosmetics may increase your sensitivity to ultraviolet radiation. Consult a physician before using a tanning device if you are using medications, have a history of skin problems or believe that you are especially sensitive to sunlight. Women who are pregnant or using birth control pills and who use a tanning device may develop discolored skin.
(f) If your skin does not tan when exposed to the sun it is unlikely that your skin will tan when exposed to this tanning device.

(6) TUBE REPLACEMENT. Each tanning facility shall post a sign in each area where a tanning device is used stating the date on which each fluorescent tube in that tanning device was last replaced. The tanning facility shall maintain a record of the date on which each fluorescent tube is replaced.

(7) CLAIMS PRECLUDED. No owner or employee of a tanning facility may claim, or distribute materials that claim, that using a tanning device is free of risk.

(8) LIABILITY. A tanning facility’s compliance with the requirements of subs. (4) and (5) does not relieve the owner or any employee of the tanning facility from liability for injury sustained by a customer from the use of a tanning device.

(9) DUTIES OF OWNER. The owner of a tanning facility shall ensure that all of the following requirements are fulfilled:
(a) No customer under 16 years of age is permitted to use the tanning facility.
(b) During operating hours there is present at the tanning facility a trained operator who is able to inform customers about, and assist customers in, the proper use of tanning devices.
(c) Each tanning bed is properly sanitized after each use.
(d) Each customer, before he or she begins to use a tanning device, is provided with properly sanitized and securely fitting protective eyewear that protects the wearer’s eyes from ultraviolet radiation and allows enough vision to maintain balance.
(e) Customers are not allowed to use a tanning device unless the customer uses protective eyewear.
(f) Each customer is shown how to use such physical aids as handrails and markings on the floor to determine the proper distance from the tanning device.

The statements under sub. (10) (a) are retained for 3 years or until the customer signs a new statement.

(10) DUTIES OF USER. A user of a tanning facility shall do all of the following:
(a) Immediately before the customer’s first use of a tanning facility in a year, sign a statement acknowledging that he or she has read and understands the notice under sub. (4) and the warning sign under sub. (5) and specifying that the customer agrees to use protective eyewear.
(b) Use protective eyewear at all times while using a tanning device.

(11) INJURY REPORTS. If a person requires medical attention due to use of a tanning facility, the owner of that tanning facility shall report that injury to the department in writing and send a copy of that report to the injured person. The owner of the tanning facility shall retain a copy of the report for 3 years.

(12) RULES. The department may promulgate rules necessary to administer this section.

(13) DENIAL, SUSPENSION OR REVOCATION OF PERMITS. The department may under this section, after a hearing under ch. 227,

(14) **ENFORCEMENT.** The department shall enforce this section.

(15) **PENALTIES.** Any person who violates sub. (2), (3), (4), (5), (6), (7), (9) or (11) or any rule promulgated thereunder may be required to forfeit not less than $50 nor more than $250. The court may also revoke a permit issued to any person under sub. (2) if that person or his or her employee violates sub. (3), (4), (5), (6), (7), (9) or (11).
