JANUARY IS NATIONAL RADON ACTION MONTH

What's all the talk about radon?

Radon is the 2nd leading cause of lung cancer and is estimated to cause many thousands of deaths each year. Any home may have a radon problem. This means new and old homes, well-sealed and drafty homes and any home with direct contact to the ground. ***Radon is a cancer-causing, radioactive gas.*** You can't see, smell or taste radon, but it may be a problem in your home. Your home traps radon inside, where it can build up. ***You should test for radon.*** Testing is the only way to know if you and your family are at risk from radon. Polk County serves as the Radon Information Center (RIC) for Burnett, Washburn, Douglas, and Polk counties.

For a limited time, bring this coupon to the Polk, Burnett, Douglas or Washburn County Health Dept. for a \$5 radon test kit (normally \$8) or mail this coupon with your name, address, phone and \$8 (includes \$3 shipping) to:

Polk Co. Health Dept.
ATTN: Patty
100 Polk Co. Plaza, Ste. 180
Balsam Lake, WI 54810

715/485-8500
